DETAILED ACTION

Allowable Subject Matter

1. Claim 3 is allowed.
2. The following is an examiner's statement of reasons for allowance: Claim 3 is allowable because of the apparatus with tabs that have radially outward portions that are smaller in width than the bases of each tab and are in alignment with slits on the body of the blade as set forth in the claim. None of the prior art cited discloses an apparatus that incorporates the use of tabs that have radially outward portions that are smaller in width than the bases of each tab to allow the breaking of each tab to occur at the radially outward portion. Therefore, in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
